☞ Printed on Gunnersey's Improved Cylinder Power Press.

550,000 Acres Selected Pine and Farming Land

IN MICHIGAN.

THE SAINT MARY'S FALLS SHIP CANAL COMPANY

OFFER for sale these Lands, which are principally situated in the lower Peninsula of Michigan, on and in the vicinity of the large streams and rivers, easy of access, and selected under more favorable circumstances than

Any other Western Lands,

Were those with particular reference to their location on the streams and the quantity and quality of the pine timber. On this account,

For Lumbering Purposes,

They are very desirable and valuable. The streams are large, and capable of floating logs at all seasons of the year, with harbors at their mouths, on the Lake. At many of these points settlements and extensive lumber operations are formed and conducted with uniform success, proving already the most profitable lumber operations in the United States, and having access by means of Lake navigation, to

CHICAGO, DETROIT,

and the other great Lumber Markets of the country.

Tracts of from 40 to 40,000 acres will be found at convenient points, affording opportunities for either a small or the most extensive lumbering operations. A large portion of these Lands are among

The Best Farming Lands of the West,

and as they contain enough of the PINE STAND TIMBER to more than pay for the land, fencing, moderate buildings, and first improvements, offer very superior inducements to farmers seeking a western home.

The Climate is Mild and Equable,

and soil and climate both united to all the grains, fruits, and produce raised in the most favored portions of the West.

Companies of 10, Four to 20 Persons,

with their families, will find a location just suited to the formation of a settlement, with good water power, and convenient access to neighboring settlements.

TERMS:

One-fifth will be required at the date of sale, and the balance in one, two, three and four years, with interest at six per cent. per annum.

The Company have full and complete descriptions of each tract of their lands, from actual explorations by several different parties, with accurate maps of each township, according to government surveys. These may be seen at the

Land Office of the Company in Detroit, Michigan.

Copies of Maps, field notes, and other information relating to the lands will be furnished, without charge, to those wishing to purchase.

☞ Large Maps of the State showing the lands of the Company, will be found at public places in most of the principal towns in the Eastern and North-western States. GEO. S. FROST, Land Agent.

St. Mary's Falls Ship Canal Company, Land Office, Detroit, Nov. 1, 1856. 3m

STANLEY HOUSE,

WATER STREET, AUGUSTA, ME.

C. W. RICKER, would respectfully announce to the Travelling Public, that he has re-opened the Stanley House, Augusta, and furnished it throughout with NEW and ELEGANT FURNITURE, and made every arrangement necessary to equipping it as a First Class Hotel.

This is the most centrally located House in the city, being directly opposite the Depot, and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes' walk from the State House.

Business men, or persons travelling for pleasure, will find this House offering every convenience or luxury that can be desired, and the Proprietor intends no pains to spare no pains to make it a strictly respectable house to stop in the State.

Books for all Stages leaving town will be kept at this House.

In connection with the above are good tables with attentive and careful Hostlers. 8

THE HATCH HOUSE,

Main Street, Bangor, Maine.

This House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well-built hotel House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers in particular, for those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

LINCOLN'S WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are once wet it is one of the greatest causes of colds and consumption? It is a truth that when leathers are once wet and dried, it soon becomes hard, stiff, and cracks; but when it is waterproof this is remedied. By the application of this preservative, it remains soft, and only impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather; at last by a chemical process, I discovered a preparation which perfectly harmonizes with the leather properties with which leather is tanned; it will not only make leather water-proof, but also soften the leather, and it will last

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

Manufactured by D. C. LINCOLN, Bloomfield, Me.

GREAT

American and Foreign Office

FOR

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St., BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1836,) determined to present advantages in applying for patents, superior to those offered in ordinary offices, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as usual*) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. His immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to the arts. These, together with an extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries, prepared, and advice, rendered on legal and scientific matters respecting reviews and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents.*

During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more ability and success. I regard Mr. Eddy as one of the best informed and most useful Patent Solicitors of the United States, and have no hesitation in assuring those who may employ him, that they cannot employ a more competent and trusty agent, or one who can do more for them in early and favorable consideration of their Patent Claims.

EDMUND BURKE,

Late Commissioner of Patents.

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the prosecution of inventors in the Office as a Solicitor. He is thoroughly acquainted with the law, and the practice of the office. I regard him as one of the most able and successful practitioners with whom I have had official intercourse. CHARLES MASON,

Commissioner of Patents."

A SURE PRIZE,

For Every Tenth Person!!

CHANCE FOR A GRAND PIANO,

FOR EVERYBODY.

ONLY TWO DOLLARS!!

100 *Beautiful Gold Watches*; 100 *Rosewood Grand Piano Fortes*; *Ladies' Bracelets, Watch Chains, Breast Pins, Diamond Rings and Silver Spoons*

TO BE GIVEN AWAY.

Encouraged by the success which has attended the publication of *LESLIE'S ILLUSTRATED NEWSPAPER*, which is now claiming a second to none, the Proprietors have determined to return to his numerous subscribers a portion of the profits in the following manner:

Every tenth subscriber will have his money returned by the next mail, and the paper will be sent *gratuitously* for the term of subscription.

Thus in every 1000 subscribers, 100 will have their money returned, and the paper sent for the Months when they remit Two Dollars, and Twelve Months when they remit $4.

Every subscription as it is received, by order or otherwise, at the Office, 12 Spruce-st., New York, will be registered in a book kept by the Proprietor for the purpose.

The Prize numbers will be 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 in each hundred. Persons obtaining any of these numbers will have their money returned and the paper sent free, as above.

Persons obtaining the following numbers in every thousand, in addition to the return of their subscription money as above, will receive the following prizes:

No. 100, Lady's Gold Bracelet.
" 200, Gentleman's Gold Watch Chain.
" 300, Gold Watch, (Lady's or Gent's.)
" 400, Lady's Gold Chatelaine.
" 500, Set of Silver Tea Spoons.
" 600, Gold Breast Pin.
" 700, Gold Watch, (Lady's or Gent's.)
" 800, Diamond Ring, (Lady's or Gent's.)
" 900, Set of Silver Dessert Spoons.
" 1000, Grand Rosewood Pianoforte.

These prizes will be given to the same numbers in each and every thousand, in addition to the subscription, money being returned and paper sent free to each and every tenth subscriber, as above stated.

This subscription book was opened October 20, 1856, in which all future subscriptions will be registered.

Every person whose money is returned, or who is the recipient of either of the above prizes, will be required to furnish an acknowledgment of the same, and their names will be published from time to time in the advertising columns of Leslie's Illustrated Newspaper.

It should be borne in mind that every subscriber under all circumstances, whether he be recipient of a prize or not, will get more than a full equivalent for his money in the paper sent.

This is the only Illustrated Newspaper in the United States.

CAUTION.—Persons sending us Eleven Subscribers are certain to receive back one subscription, and have a chance for two; for example, on the receipt of the eleven subscriptions, the last number on the books might be 99—the seven additional subscribers will then include two prizes.

FRANK LESLIE'S ILLUSTRATED NEWSPAPER.—The last numbers of Frank Leslie's Illustrated Paper have come to hand. In style and general appearance it resembles—and is quite equal to—the London Illustrated News, which is world-renowned for the exalted character of its illustrations. The New York paper, however, is sold at half the price of its London prototype. The engravings in *Frank Leslie* are decidedly superior to those in *Boston's Pictorial*.—*Weekly Eastern Pilot.* nov6 2awdewlm

SUPERIOR TO ALL OTHERS,

We are now issuing

The Progressive Readers,

By SALEM TOWNE, LL. D.,

and N. M. M. HOLBROOK.

THESE are emphatically and in all respects the Best School Books ever published, and we are confident will take the lead among all Readers. The authors as successful *practical* teachers and elocutionists and popular authors have been long and favorably known, and their names alone are a sufficient guarantee for the high character of the books; but in order to secure the highest possible degree of perfection in every department the services of a sufficient corps of other educational and literary men have been employed to assist.

The elementary books are beautifully illustrated by the best artists of the country, and the appearance and mechanical execution of the whole series is in advance of any and all others.

School Committees, Teachers, and others, are requested to examine for themselves. Copies furnished free for examination at our store, or sent by mail on receipt of the same to cover the postage. Postage returns as follows: For the first Reader 6 cents, Second 12 cents; Third 16 cents; Fourth 18 cents; Fifth 24 cents. The series consists of the following:

PROGRESSIVE PICTORIAL PRIMER.—Ready.
PROGRESSIVE FIRST READER.—Now Ready.
PROGRESSIVE SECOND READER.—Now Ready.
PROGRESSIVE THIRD READER.—Nearly Ready.
PROGRESSIVE FOURTH READER.—In Press.
PROGRESSIVE FIFTH or ELOCUTIONARY READER.—Now Ready.

ANTAGONISTIC

To Prejudice and Empiricism

OLD DR. CULVERWELL'S

(Member of the Royal College of Surgeons (1847,) Lieutenant of the Navy (1834,) and 25 years Medical Lecturer, &c.)

Radica Regenerator,

FOR SEXUAL WEAKNESSES,

In all its forms, at Nocturnal and Diurnal Intervals, Nervous Irritability, Premature Decay, Loss of Fertility, Impotency, and all consequences arising from early indiscretion.

This excellent Remedy, discovered by the world renowned Dr. Culverwell, in London, the most successful practitioner in hygienic for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues. Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to, medical, surgical or otherwise, to arrest and secure this awful disease. A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars, which up to this date could not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public could not be risked, were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by one person would, through recommendation, result in an eventual subpoena many. If Dr. Culverwell's invaluable and entirely novel plan of treating these diseases, is, in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice.

Full and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR—REMEDY, so as to enable every one to treat himself or herself successfully. Price $2, for a bottle of which it will be forwarded by mail, free of postage, to any part of the country. Address, Messrs. SHIDGMAN & CO., Druggists and Apothecaries, 155 Grand-St., New York, Sole Agents for the United States and Canada. Nov. 19. d&wly.

TO CONSUMERS OF

PICKLES.

BELIEVING that the Public have become tired of purchasing Pickles in Packages, holding, in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our present second size jar, an article which we are labelling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are legibly stamped in the glass, with their exact contents, in ounces—thus enabling the consumer to verify their truth.

☞ These Extra Pickles are put up with every regard to style, quality and flavor, and will be sold at fairly remunerating prices.

We have made no change in our manner of Green Pickles, never having resorted to any deleterious means to attain this end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Vitriol or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.

1,000,000 BOTTLES SOLD!

Entered according to Act of Congress in the year 1853, by J. Russell Spalding, in the Clerk's Office of the District Court of Massachusetts.

J. RUSSELL SPALDING'S

ROSE MARY

This great and popular preparation is unchangeably the first and best article in the world for the HAIR!

It imparts a richness and pliability, cleans, ornaments, invigorates, embellishes, removes dandruff, relieves headache, and has probably been used for restoring and preserving hair, to a degree which will ever rank its success as any article ever known. It has stood the test of time and use, and all cases to the contrary notwithstanding.

Sole Proprietors, J. Russell Spalding, Manufacturing Chemist, Medical Dep't, 27 Tremont-st., opposite the Museum, Boston, Mass., to whom all orders should be addressed. The fac-simile of his signature is on every bottle of the genuine. oct15, '56 2awdewowly

The Bangor Journal is so nonsensical when it says that the squatter sovereignty doctrine—conjured one way at the North and another at the South—is the main feature, essence, principle or what you will, of the Kansas Nebraska act. The main feature of that act, *practically*, as everybody knows, is that by which the slavery restriction was swept away. Popular sovereignty in the territories means something or nothing just according as the people and wise men of them choose. So far from being, in our judgment, the essence of the Nebraska act the high sounding declarations of the act under that head, are the least important portions of it—for the South says they mean nothing and have no force until the Territory adopts a State Constitution—that they give no power to the people of the Territory to exclude slavery *before* that period—or to keep it from *planting* and *securing* itself in a territory other territory and in view the Cincinnati platform of the democratic party, does not only, but on the contrary by plain implication assents to,—for it expressly says that Territories, in *forming their State Constitution* have a right to determine their domestic institutions—but does *not* declare them to have the right *before* that time. We therefore say the Journal "talks nonsense" when it assumes, that the "popular sovereignty" declarations of that act are the essential portion of it.

But let us see how the Journal stands even on its own ground. It says, "the Journal has always advocated the great democratic principle of popular sovereignty." "always supported the great and leading features of the Nebraska bill—the right of the people to establish their own institutions."

This means if anything, that the Journal claims to have *always* sustained the doctrine that the people of Kansas Territory have and ought to have, the right to establish slavery there if they desire it—and that Congress has no right to prohibit its establishment. This declaration is precisely what we have been laboring for two years to get the Journal to make or to regard as, viz, that Congress has no right to exclude slavery from the Territories. The Journal now boldly declares that it has *always* held to the doctrine that the people of the Territories should determine their own institutions—and of course *establish* slavery if they choose. Now the Republicans and half the Republicans utterly oppose this doctrine as the Journal we know—and worse as shielded by the barefaced hypocrisy in declaring that they are not opposed to squatter sovereignty and that not fifty men in the State are opposed to it? Why—squatter sovereignty, and Congressional prohibition of slavery are diametrically opposite doctrines. One says the squatters (the people of the Territories if you please) may admit and establish slavery—the other doctrine says they *shall not* do so. Were there ever two doctrines more utterly hostile to each other?

But, to return. The Journal says, "We were always in favor of the democratic doctrine of popular sovereignty. It admitted that it was utterly opposed to the Straight Whig principles declared by the Kenduskeag Convention—the very first demonstration of Straight Whiggery in Penobscot. The resolutions of that Convention declared, as we have often quoted them, that the Straight Whigs were for RESTORING THE PROHIBITION OF SLAVERY IN KANSAS AND NEBRASKA, in so many words. Also TO PROHIBIT SLAVERY IN ALL THE TERRITORIES, and even to ABOLISH SLAVERY IN THE DISTRICT OF COLUMBIA. The convention, and these resolutions, the Bangor Journal *then* endorsed, and supported, (for it has all along been decrying the Straight Whigs)—and it also in common with all the Straight Whigs supported Israel Washburn for Congress in 1854 when it knew that he openly maintained to the uttermost the doctrine of slavery PROHIBITION.

And yet the Journal *now* says it was ALWAYS in favor of the democratic doctrine of "squatter sovereignty." Most incredible impudence by half—most incomprehensible exhibition of boldness! It cannot escape by saying that it means popular sovereignty only when a State is admitted—for the Kenduskeag resolutions declare that they would *forever* exclude slavery.

We were time, however in showing up the inconsistent position of the Journal—because it is so evidently ready to go into the democratic ranks, where we have all along declared it would go. The following extract from its article yesterday, shows that Mr Sanborn is here, and that the Journal will go there, if it possibly can.

"As to the Kenduskeag Convention,—he (Mr Sanborn) made a speech at that time, but made no advocacy of the resolutions, adopted by it. He studiously avoided doing so. His principles were as well known at that time as now. Mr Sanborn was at that time an Irish democrat, *though under the name of Whig* (!) as the best Democrat in the Union *such he is to Straight Whigs generally* though only about one half of them in the State have voted for Mr Buchanan, the rest voting for Mr Fillmore, not that they were opposed to Mr Buchanan or the principles of democracy but as we believe, from a mistaken notion of *policy*."

This is enough! The Kenduskeag resolutions are at last *openly* repudiated—and the Journal now says "it was MISTAKEN *policy for the Straight Whigs to refuse to vote for Buchanan!*" — AND THAT, THE STRAIGHT WHIGS HAVE IN FACT ALWAYS BEEN DEMOCRATS!!! Nothing more astonishing has this, to some of the Straight Whigs can possibly be said.

We have only two words to add, and these we promise our readers to drop the subject—The Bangor Whig and the Republican party do now just as they always have done, accord cate recognition of *what was repealed* of the Missouri Compromise viz, the prohibition of Slavery in those territories,—and this *and only this* is precisely the doctrine of the Kansas Nebraska re-solution, which the Bangor Journal once presented as the platform of Straight Whiggery.

Mr Sanborn took no part in the political movement which produced the Kenduskeag Convention.—*Bangor Journal*.

Well—this sounds strangely enough. The Journal will perhaps declare in the next place, that there was never any such party as the Straight Whig party—and that certain politicians in this city did not, in the summer of 1855, form a separate Whig Convention, and forthwith set themselves up as the only pure immediate and *everlasting* Whig party—and that Abraham Sanborn did not accept and participate with, and make speeches for, and obtain nominations of this par excellence Whig party which was never to have anything to do with democracy, or with "corrupt coalitions," as the naughty coalition Whigs were doing. (It has just occurred to us, by the way that this Straight Whig party, which was to be separate and everlasting, always held to *democratic* doctrines on the great questions of the day.) Do we understand the Journal to say this? Did Mr Sanborn was not a Straight Whig for the two years preceding the elections of last fall? And further—do we understand the Journal now to declare that the platform of principles laid down by the first Straight Whig Convention ever held in this City, was not the Straight Whig creed?—If so, we'll be informed when and where the Straight Whig party of Penobscot was formed, and what was its creed?

The Pacific Railroad.

The Republican party has only declared in favor of a National and to this most important and necessary work. The democratic party under Mr Buchanan has been pledged to Col Benton in favor of the same object. There seems therefore to be but one serious obstacle to the immediate commencement of the work—and this is *the selection of the route*. Each section of the Union wants the road built on its own route—and this threatens to prevent the adoption of any one. The alternative of building three roads—one for each route seems to us a waste of the energies and means which need to be concentrated upon one to insure its completion within any reasonable period.

Nevertheless, a bill is to be introduced in the Senate "to provide for the construction of Railroads and Telegraph communication from the Mississippi River and Lake Superior to the Pacific Ocean." The three main routes proposed are one from a point on the Mississippi River, south of lat 35 deg to San Francisco with a branch to San Diego, another from a point on the Missouri River, north of lat 43 deg to San Francisco with a branch to Marysville, Sacramento, Stockton and San Jose and the third from some point on Lake Superior to Puget's Sound with a branch to the mouth of the Willamette River.

To each of these routes the bill proposes to grant thirty sections of land for each mile of railroad, the land to be selected by the parties named in the bill, from the nearest unappropriated vacant lands of the United States provided the parties named in the bill shall not be compelled to take any lands and shall pay to the United States twenty five cents per acre; provided also that no title shall vest in them any land where the lands are extended to completion.

One hundred miles of each road thus be complete within eight consecutive months from the time of the establishment of the routes.

The United States agrees to pay $300 per mile for the transportation of the mails until the completion of the road, and for ten years thereafter.

The right of way to the width of 400 feet through the public lands is proposed to be granted.

Further, six sections of land per mile are proposed to be granted.

The bill also proposes to grant six sections per mile for similar roads to connect with each of the above.

It is altogether too prodigal of lands and cannot stand a chance to recommend itself to the favor of the old States we think.

The project is properly denounced as a gigantic scheme to swindle the country out of a large proportion of its public lands.

A Kansas correspondent of the Cincinnati Gazette accredits Gov Geary with another honorable act of justice to the free State prisoners. He has arranged with the land commissioner that the claims of those in prison should not be sold in their order, but be passed over until after the trials, that those acquitted might have a chance to retain their claims.

The same correspondent also states that Gov Geary, having become satisfied that he can make nothing by adhering to the pro slavery party, has become a free State man, and has taken steps to have all the pro slavery officials dismissed.

Change in the Whaling Business.

A large quantity of oil from the Pacific has recently been received at New York by way of the Panama Railroad. This is thought to be the commencement of a new era in the whaling business, which shall dispense with the long voyages heretofore necessary, and transfer the whaling stations of the whalers from New Bedford, Edgartown, Nantucket, &c, to ports on the Pacific. It needs Yankee enterprise and perseverance, however, to succeed in the business, wherever the depots may be located.

Bank Inspection. The Appeal states upon the application of the Bank Commissioners an injunction was last week placed upon the Bank of Bellowell.

Equality of States. The popular vote of New York is 606 180 choosing 35 Electors of President and Vice President. The aggregate popular vote of North Carolina, Alabama Vermont, Mississippi California, Arkansas Louisiana Maryland, New Hampshire Texas, Delaware and Florida is 596,973, they choose 63 Electors.

The above paragraph, which we find going the rounds exhibits, to be sure a great inequality in the relative votes of the people of the States in the election of President and Vice President. The small States in this respect have a much greater relative vote than the large ones. But is this the result of any wise compromise in the Constitution, which we should never desire to see disturbed. That provision of the Constitution, with the one which gives each State an equal representation in the Senate, was justly accorded in order that State *sovereignty* might be properly guarded in the Confederation, and the rights of the small States be preserved against possible assault.

Remarkable Escape. On Wednesday evening Mr Bulings coach be ng at the railway station for passengers, three ladies stepped in and while the driver was getting their baggage, the horses started and ran with the carriage up Front Street and Hancock Street and when turning Bryants Corner the carriage upset. One of the ladies sister to Mr J P Hall jumped out previously, and received a severe wound upon her chin (Miss Smith a sister-in law of Rev Mr Porter, on a visit from Boston we believe and another lady remained in the carriage without serious injury which was dragged by its side to the stable on Main St.

The Weather. A severe cold term commenced here on Wednesday night. At 8 A M on Thursday morning the mercury stood 18 below zero, and was below zero throughout the day, with a cutting north wind. The present night was for a temperature of 20 or 25 below zero this morning.

As we have no snow to speak of this intense degree of cold will operate severely upon the roots of the grass and winter grain.

We learn that the complaints against the proprietors of the "Excelsior Gift Enterprise" were withdrawn yesterday, upon the payment of costs and an agreement to dispose of no more goods in this city in the manner alleged in the complaints.

Independent Course. Laird Lecture Tuesday evening next, by A W Sprague of Boston, upon the "Marvels of Electricity" Illustrated with interesting experiments.

Postponement. The Lecture before the Mercantile Associations which was to have been delivered last evening by Prof Harris was postponed, on account of the severity of the weather, until Tuesday evening Jan 1st.

We are indebted to Mr T T Cates for New York, Boston and Portland papers in advance of the distribution of the mail.

New Publications.

Merry's Book of Puzzles issued by Dayton & Burdick, New York is a perfect magazine of Puzzles Riddles, Conundrums, Enigmas and Curious Quest ons select d from Merry's Museum and Parley's Magazine, with large additions. It will furnish amusement for the young folks during a whole winter of evenings at home.

Received of A Williams & Co, Boston, and for sale by Burbee & Co.

Death from Exposure. We learn from the Belfast Age that Mr David P Brooks of Islesboro was found dead on the 6th inst of the shore of the island, about a mile from his house. He had been over to Lincolnville to mill and is supposed to have fallen from exhaustion and exposure, and striking his head against a rock which caused his death. He was a very respectable man, about 60 years of age, and leaves a widow and five daughters.

Senators Hamlin and Fessenden, and Hon. Israel Washburn, are entitled to acknowledgements for valuable public documents.

The Hutchinsons arrived here last evening and took rooms at the Bangor House. Their Concert comes off this evening at Norombega. They are so well known that any laudatory notice would be superfluous.

Variolous.

It requires more courage to think differently from the multitude than it does to fight them. The first hero, therefore, was not he who made the first conquest, but he who ventured the first doubt.

One of the most agreeable consequences of knowledge is the respect and importance which it communicates to old age. Men rise in character often as they increase in years.

One of the most fatal temptations to the weak is a slight deviation from the exact truth, for the sake of apparent good.

If the talent of ridicule were employed to laugh men out of vice and folly, it might be of some use to the world, but, instead of this, we find that it is generally made use of to laugh them out of virtue, and good sense, by attacking every thing that is solemn and serious decent and praiseworthy in human life.

A certain degree of self respect is one of the best securities against moral degradation.

Bees are geometricians. Their cells are so constructed as, with the least quantity of material, to have the largest sized spaces, and least possible loss of interstices.

Pour in Knowledge Gently.—Plato observed that the minds of children were like bottles with very narrow mouths, if you attempt to fill them too rapidly much knowledge is wasted and little received, whereas, with a small stream they are easily filled.

Sale of the Norfolk Lead Factory Estate. Rev. George F Haskins, of the House of the Angel Guardian, has purchased the real estate in Roxbury, belonging to the Norfolk Lead Company, between Water and Vernon streets. The purchase amounts to about $30 000. We understand that the purchaser will immediately commence to erect a building on the premises which will accommodate five hundred boys.—*Boston Courier*.

"A few years ago, the Methodist ministers were almost all Democrats. Why are they not now?"—*Free Press*.

We are not aware that they are not all *true* Democrats now. It is certain that they stand on the precise ground, occupied by the democracy in 1849, when the editor of the Free Press, as one of the Democratic State committee, so fully expounded the principles and purposes of true democracy. Literary Bible on his tribe Democrats tell that day, when they have accomplished and organization he regrets and consigned over, to the southern politicians they have in the language of Col Smart's address, "demanded a halt."

The sermons of Methodist ministers, and indeed all outpourings, which were preached twenty fifteen or twenty years ago, were not in what different from what they are now. The ministers of all denominations of whatever political party concurred in denouncing Air and Slavery as a gigantic evil and national sin. The words of Thomas Jefferson "I tremble for my country in view of this great evil," (Slavery) when I remember that God is just," have been incorporated into thousands of sermons and preached to congregations and nobody thought the minister was preaching politics. If the ministers of this day should search their garrets and bring out their old musty sermons, which were handed in their day, with an small modification, and read them in their pulpits, a great storm of denunciation would roll up from these *modern* Demo rats.

It is all easily accounted for. Southern slave holders, who ten years ago admitted that slavery was a great evil, and pretended to mourn that it had not been entailed upon them, now turn round and declare it is right, moral, scriptural, and those dough face northern democrats wheel about all of a sudden. Our slavery is right, it is not moral, and modesty demands of the northern pulpit to wheel into line and

Parties in doctrine to the varying hour.

This it will not do. It is a sin upon either side to sold moral disunion and keeping the gospel sealed pure. It remonstrated against that famous Nebraska bill, which was concocted to extend the sin of slavery, in the same manner it would. If Congress had attempted to give its sanction to polygamy by the systems of Brigham Mormon, or Mormonism, the Methodist ministers would still adhere to the platform of their old platform and these assertions of Mormon Balaam may bray as loud and as long as they choose.—*Belfast Age*.

Death by Drowning. Mr Thomas F Watson, Jr, of Winterport who had been to visit friends in Rockland, on Saturday evening last, and was returning home by way of the upper port, on skates, under unlucky fell into an open place in the ice and was drowned.

Between 8 and 12 in the evening, cries, as of some one in distress, were heard by different people in Winterport village, but as they soon ceased no one knew whence they came. In the morning, the young man's cap and gloves were seen on the ice and on search, his body was obtained at the bottom of the opening, the water being near 50 feet deep. Mr Watson's age was 29. He had made arrangements to be married in a few days. He was a member of the Methodist Episcopal church, and a worthy and most estimable citizen.—*Maine Farmer*.

A Mind of the Whites—Abject or Many Slaves. The people of Alexandria, Va, have been greatly alarmed for several days past in consequence of a rumored insurrection among the negroes. The military were called out last night, and thirty two negroes were arrested in a ball where they had assembled without permission, against the laws of the State. Guns, Also has supplied arms and ammunition, and the people throughout the country of Alexandria and Fairfax are arming themselves for fear of a general outbreak. No evidence has been found against any of the slaves arrested. It is learned from one of the patrols of the night that each person of property will be fined and whipped for violating the law by attending the ball. About twenty valuable slaves have escaped from this district recently. (Traveller Letter from Washington.)

Great Snow Storm in the West.—A late letter from Grinnell, Iowa, states that a snow storm commenced at 3 o'clock P M the last inst, and lasted till noon on the 3d, and was very severe. The snow was blown in the buildings—hogs were buried out of sight in the sties—travelling was almost impossible. Many cattle were fairly driven by the severity of the storm on a long distance from the settlement, going half lessly before the wind. The storms in the prairie country are like storms at sea, the wind blowing with unbroken violence.

The Wheat Crop. The Memphis (Tenn) Bulletin learns from a gentleman who has been travelling pretty extensively through that section of country, that the prospect for the coming wheat crop are unusually promising in fact never never better at this season of the year. It also learns from his informant that there is a much larger amount of land in cultivation in wheat, and should the yield of the next crop be anything like what it promises to be at present, the receipts and exports from that port will be much greater next year than any season heretofore.

Painful News from Nicaragua.—*New York, Dec 16*. A private letter from Nicaragua says: The sick and wounded with the women and children, which were in Grenada before its destruction, were to the number of 150 conveyed to the island of Omotepe, in the lake, where they suffered dreadful privations for some days, and were then surprised and attacked by the natives. Some 10 only escaped, but there were fearful apprehensions as to the fate of the remainder.

Conviction for Freedomism. A young man named Burt has been convicted before the Supreme Court of this State, in session at Port and, of setting fire to and destroying a barn in Scarboro. An accomplice in the crime, named Horace L. Worcester was used as a witness against him, from which it appears that the only motive for the act was a love of mischief and a desire for excitement.

Mr Butler denounced the article in the Edinburg Review on the United States as the work of a Northern abolitionist. He was at once declared that the Northern abolitionist was a South Carolina born, whereon on the Southern papers said that the great honor of South Carolina birth did not properly belong to him but that he was the son of a Yankee schoolmaster, temporarily sojourning in that empire. The fact is that Mr Burbank's father was a citizen of Charleston for nearly thirty years, a slave holder and a prominent politician.

Remarkable. At Stillwater, Minnesota, Rev A G Nelson Methodist minister, broke down in his Sunday morning sermon, and was so confounded by the unaccountable and awkward dilemma that he summarily dismissed his congregation and ran home. He got there just in time to save his house from destruction by fire, which was well under way.

Drowned.—At Truscott, 29th ult, Byron, son of Mr George S. Chalmers, aged nine years and seven months. He was sent to a neighboring house on an errand, and on his way stopped to slide on a small pond, and is supposed to have slid into an opening accidentally. Mr C, some time years since lost a son of about the same age, by drowning, and near the same place.—*Machias Union*.

An old miner owning a farm found it impossible to do his work without assistance, and accordingly offered any man food for performing the requisite labor. A half starved pauper, hearing of the terms, accepted them. Before going into the fields in the morning, the miner invited his help to breakfast. After finishing the morning meal, the old skinner thought it would be saving time if they should place the dinner upon the breakfast. This was readily agreed to by the unfortunate stranger, and the dinner was soon disposed of.

"Suppose now," said the frugal farmer, "we take supper. It will save time and trouble you know."

"Just as you like, said the eager eater, and if they went."

"Now we will go to work, said the contented and delighted employer."

"Thank you, said the gratified laborer, I never work after supper."

☞ Our belligerent neighbor of the Gazette replaces us of quackery because we puff Dr Ayer's advertisements. Now this same editor knows the Pharmacopœia itself is not more free from the suspicions of quackery than his medicines. He knows they are endorsed by the medical journals of this country—are used and prescribed by our best physicians, and have the commendation of Professors and eminent men of character too exalted for his comprehension and he knows too that they have done and are doing in this community an amount of good which the utmost stretch of his ability can never hope to equal.—*Berks Co Press, Reading Pa.*

A Vermonter Happy. Wrestling in Boston has been effectually cured of a severe rheumatic affection by the use of Devine's Compound. He is now free from pain. Sold by all druggists.

He had tried highly concentrated Fluid Extract Buchu in vain, and recommended as to be infallibly a Highly Concentrated Fluid Extract Sarsaparilla, it was equally effective, and deserving of the confidence of the medical faculty as well as the afflicted. (See Advertisement in the Old Dominion.)

Invaluable.—None except those who have suffered all the horrors of Dyspepsia can fully appreciate the value and efficacy of Dr Guy's celebrated Bitters, a sovereign remedy for this distressing disease in all its forms.

A Sentiment. *The Ladies*—May their virtues exceed even the amplitude of their skirts, which their faults are still small in than their bonnets.

It is said that there are at least two thousand gambling houses and one hundred faro banks in the city of New York.

Death at Sea.—Capt Stillman Rickett, of Killibuck, died at sea on the 17th of August last, off Florida Keys, after a sickness of four teen days.

SPECIAL NOTICES

50 per square for three insertions—$1 a week for continuance.

Holloway's Ointment and Pills, an astonishing Remedy for Erysipelas.—Mr Henry Turner of Dover Maine was afflicted with Erysipelas, large purple blotches came on his head and neck, and all parts of his body and despite of the many remedies he tried, he was not benefitted. At length he had recourse to Holloway's Ointment and Pills, and made up his mind to persevere with these remedies which he did. The result was that in a few weeks, he was perfectly cured and his general health wonderfully improved. This case has created quite a sensation in Maine.

Wistar's Balsam of Wild Cherry

Has established for itself a reputation that cannot be assailed. Dr Wm A Hawes of Washington, N C, writes under date of May 1st 1856. "I have heard of many cases of decided beneficial effects from its use especially in Asthma and Chronic Cough of a seated character. I have used the Wild Cherry a great deal in practice and with marked good results."

Every one knows the combination of the Turpentine and Balsam combined in a concentrated dose. The combination of these principles in WISTAR'S BALSAM OF WILD CHERRY is ingenious and judicious.

Medical men are justly claims full of Patent Medicines in general but candor must compel us to say that many of the most popular nostrums and humbugs and those medicines which have proved salutary, and in many well-attested cases curative.

TELEGRAPHIC

THE DAILY WHIG AND COURIER

Congressional.

WASHINGTON, Dec. 18.

SENATE.—On motion of Mr. *Fish* the Committee on Commerce were directed to inquire into the expediency of erecting a Custom House at Sag Harbor.

Mr. Hale offered a resolution directing the Committee on Military Affairs to inquire into the expediency of discontinuing further appropriations for Military Asylums in the District of Columbia, and what is the annual expense and manner of supporting soldiers there; and whether a more comfortable mode may not be adopted at much less expense, by direct payments in money or by hospitaling them at private establishments, or by affording relief in some other way. He had understood that the Military Asylum in this District supported 300 soldiers, at a cost of about $600 each, giving them nothing but pork and beans, and the usual army rations, together with such vegetables as were raised on the place. The soldiers were likewise separated from their families, for a much smaller amount of money would enable better care to be taken of them in their respective homes.

Mr. Thompson of Ky., suggested an amendment which Mr. Hale accepted, extending the inquiry to the Military Asylums at Harrisburgh, Ky., and to report, if desirable, to repeal either and which, and further whether the Asylum at Harrisburg may not be beneficially removed to California. The resolution passed.

Mr. Pearce from the Library Committee, reported the House resolution striking out the section authorizing the purchase of Hand's Narrative but reserving the following which passed:

Resolved, That the Secretary of the Navy cause to be struck off and presented to Dr. Kane, his officers and men, such appropriate medals as in the judgement of the Secretary shall express the high testimonial in which Congress holds their respective merits and services.

Mr. Stuart presented the memorials of Edward K. Collins and associates contractors for carrying the mails between New York and Liverpool setting forth that the original contract does not enable them to keep up successful competition with the British lines sustained as it is by an increase of government aid. They express an unwillingness to surrender to England the great national ocean supremacy they have won, and desire if it must be surrendered that all be done by Congress at their own, and not inasmuch as they embarked in the enterprise at the solicitation of our government, Congress may pass a law to terminate their contract and dispose of their ships so they be relieved from the undertaking without loss.

The memorial was referred to the Post Office Committee.

The President's message was then considered.

Mr. Jones of Tennessee, thought the President's condemnation, or strictures, on the Republicans, perfectly proper, and eminently merited. There was another question of far greater importance to him and the country than any which might be got up on quibbles regarding the President's Message. It was as to the power of Congress to carry slavery into the Territories or exclude it therefrom. Much had been said on both sides of this question; but after all, it was no a question for Congress or any other deliberative body to decide. It was to be adjudicated by the Supreme Court of the United States, and he hoped in a few days from decision would be given, when he should deeply regret if that decision be against the rights and interests of the South; yet regarding the Constitution as that higher law above all law, he was ready to bow submissively to the decision be it what it might. He would agree to submit to that decision, the controversy was approaching its end, and every lover of his country would rejoice to have a final settlement of this agitating subject made at this time. He concluded equally sovereignty as one of the greatest political humbugs of the day. The origination of that phrase had been attributed to the venerable Senator from Michigan, but he believed the idea was first used derisively by Mr. Cushman, in order to show the dangerous nature of the effects of fanaticism.

He read several extracts from speeches made at different times by prominent members of the Republican party, to demonstrate that they were laboring for the eventful extinguishment of slavery within the States.

He could not vouch for the accuracy of these extracts but if any of them did in justice to any Senator he should be glad to be corrected. He then read an extract from a speech of Mr. Seward which appeared in the Union.

Mr. Seward inquired if the speech was given in full?

Mr. Jones replied, God forbid that the Union should fill its columns with speeches of that character. He remembered that the Senator from N. Y. had advertised to the Senate that his speeches had been printed by Mr. Beadfield in these columns, in which Senators could find his words and opinions laid down fully, if they desired to read them, but he *Jones* had no particular relish for that kind of literature and did not like to purchase and carry it home, so he preferred to depend upon newspaper extracts.

Mr. Seward did not intend to have Mr Jones purchase the books openly; but referred to them as contained in the Congressional Library. They had supplied one Senator with a copy of his works at his own expense, and would give one to Mr. Jones or any other Senator who would accept and desired to read it.

Mr. Jones replied—He never allowed any man to outdo him in generosity, and would cheerfully accept the Senator's offer, with the proviso that he should not be required to carry the book south of Mason & Dixon's line (excessive laughter.) He would read them in the District of Columbia, but was not sure but what he might get into the penitentiary if he carried them home (renewed merriment.)

Mr. Wade—It seems then you have no freedom in the South.

Mr. Jones—We have no such freedom as permits men to go there and incite insurrection among our slaves, and cause them to murder our wives and children.

Mr. Jones then alluded to Mr. Hale, when the latter arose and defended his heretofore expressed opinions concerning higher law. The colloquy between Mr. Hale and Mr. Jones was conducted with considerable spirit, and both sides afforded much amusement to all the listeners.

Mr. Wilson obtained the floor, when the Senate adjourned.

HOUSE.—In the House, 20,000 copies of the President's Message was ordered to be printed.

Gen. Quitman, addressed the House in defence of the President's Message, and concluded by minutely defining his views on the theory of our Government and its practical application to the questions of the day, taking a strict States right view of the entire subject.

Mr. Branch defended the South from the misrepresentations concerning its growth, prosperity and social condition, and contended that the issue made up and decided upon in the late canvas was in favor of the peace and quiet of the South against Congressional agitations of the slavery question. He denied emphatically that there was any difference of opinion among any portion of the Democrats as to the constitutionality of the Nebraska bill. They are all agreed that the people should be left free to regulate their institutions in their own way, subject only to legislate upon slavery in their sovereign capacity and constitution making power. There was no equal sovereignty in that bill but he was willing to abide by the decision of the court as to the power of the Territories to legislate upon the subject.

Mr. Donaldson entered into and argument to show that Congress has not now and never had the power to legislate on the question of slavery in the Territories expressing his belief that the history in the President's Message of the troubles which had existed in the country for the past year true to the letter. Adj.

Fire in New York.

NEW YORK, Dec. 18.

Mitchell & Co.'s Adamantine Candle Manufactory, on 4th street, was burnt this morning. Loss $80,000—insured for $50,000.

Card to the Public

Bickford defines his position!

I MUST TELL my numerous friends, the good humored public, that my arrangements for the winter season are now completed, by which I am to be daily supplied with abundance of OYSTERS, FRESH FISH, CHOICE FRUIT, and other articles, for the supply of my Stalls at the Market House.

Speaking of OYSTERS.—I wish it understood that I furnish them raw, or, cooked in any style, cold or hot, at my Eating Room, or to families or parties at any time or any place. If you wish to refresh your friends with a really nice *Oyster Stew* let Bickford know it, and it shall appear upon your table, as if by the enchantment of Aladdin's Lamp. So, too, of the richest PASTRY, in all varieties.

FRESH FISH, in all their varieties, in their season.

FRUITS AND VEGETABLES.

Bickford is devotedly thankful for past favors, and looks hopefully forward to the future. Allow me to say parenthetically, and almost pathetically, that the times are getting rather hard, and therefore it is all important that those who have neglected to pay their little bills should do so at once, for I wish to be on friendly terms with every body.

My Eating Stall at the Market is elegantly supplied, and will be found exceedingly convenient for strangers, gentlemen and ladies, and for those detained from their meals.

Call in—call in out—and all will be well.

Ever and forevermore.

THOMAS BICKFORD.

marc14 tf

California Steamers,
Carrying the United States Mail.

5th and 20th of each Month.

Greatly Reduced Prices.—50 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus, on Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the only line giving entire through tickets, including meals, on the Isthmus.

Transit made in *four hours, entirely by daylight,* thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer, will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail line a *sure and short* passage, without any detention on the Isthmus.

☞ *Tickets must be secured by one of the Company's Agents before they will be recognized by the Agent at Panama,* and Tickets thus secured can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city, O. L. BARTLETT, Agent,

No. 10 Broad Street, Boston.

August 1, 1856 1 y

PROFESSOR WOOD'S

HAIR RESTORATIVE.

It has Worked Miracles!

THAT ALL THE BALD AND GRAY can be restored perfectly to original growth and color, so far as their locks are concerned, does not admit of doubt; besides, it will cure, very possible disease of the scalp, whether developed as dandruff, itching, or in the shape of cutaneous eruptions—even scald-head—and is no possible case will it fail of curing, as if by magic, nor one of periodical headache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling to anything made age. Read and judge.

Mansfield, Worcester Co., Jan. 5, 1856.

PROF. O. J. WOOD—Dear Sir—I take pleasure in bearing voluntary testimony to the great efficacy of your wonderful Hair Restorative. My hair began to come out and commenced falling off, until the top of my scalp became bald and smooth as glass, and it continued so for a great many years, notwithstanding I have used many celebrated preparations for the purpose. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, behold, after a few applications, that my hair became firmly set and as in olden glory, and I now (at approximate) said S. the top of head used Aquart bottle, my bald head was covered with a young and vigorous growth of hair, which is now quite long, two inches and a half in length, and growing fast. Yours truly,

HENRY GOODRICH.

Charlestown, Mass., Aug. 9, 1855.

DEAR SIR:—Nothing but a duty to my fellow man could induce me to give this public testimony of the great benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in a state of entire baldness. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new growth over three inches in length on the spot, where it was bald. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out as formerly.

Respectfully yours, &c.

MRS. R. A. STEDDARD.

From Mrs. Ingalls, well known in Boston.

BOSTON, Oct. 10, 1855.

GENTS—At your request, and being so highly pleased with the effects of the Restorative, I can free to state that my hair had become quite thin, and entirely white. I have for 10 or 15 years been in the habit of using Rye, but heating of the extraordinary effects of this article, I was induced to try it. My hair has been restored to its original thickness, and also its former color, which is light brown. Yours respectfully,

MRS. INGALLS.

The following is from the Pastor of the Orthodox Church, Brookfield:—

BROOKFIELD, Mass., Jan. 19, 1855.

MADAM—Dear Sir—Having made a trial of your Hair Restorative, it gives me pleasure to say, that its effects have been excellent in removing inflammation, dandruff, and a constant tendency to itching, with which I have been troubled from my childhood, and has also restored my hair, which was becoming gray, to its original color. I have tried no other article with anything like the same pleasant and prompt.

Yours truly, J. K. BRAGG.

From the Jersey City Telegraph.

WHAT IS YOUR OPINION OF PROF. WOOD'S HAIR RESTORATIVE? is a question asked daily by hundreds, who have witnessed its effects. We answer with truth, it is the best article known, which will do all it promises for the human hair, *it will restore its natural color to it, stop its falling, burn speedy and effectual restoratives.*

Leave Portland for Waterville, Kendall's Mills and Bangor at 1 P. M.

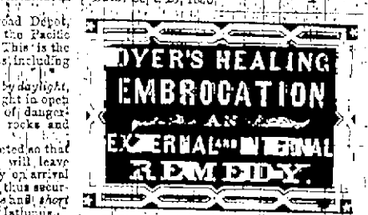
Passengers leaving Bangor in the 3.30 PM train can take in Augusta over night, and take the 6.20 A. M. train for Portland and Boston.

The 1.00 P. M. train from Portland connects with the 7.00 A. M. train from Boston, taking passengers through to Bangor same evening.

Through tickets are sold at the Eastern and B. and M. R. R. Depots, for all stations on the road, also for Pittsfield, Newport and Dexter.

E. C. HYDE, *Sup't.*

Bath, Sept. 25, 1856.



A PERFECT PAIN DESTROYER.—Dyer's Healing Embrocation.

BY the use of one bottle of Dyer's Healing Embrocation, Charles Bisson, of Providence was entirely cured of sole ledge, from which he suffered severe.

CERTIFICATES are being daily received from persons of the highest respectability, in favor of Dyer's Healing Embrocation.

DYER'S Healing Embrocation cures Rheumatism, Cuts, Wounds, Bruises, Sprains, Piles, Sore Throat, Neuralgia, Burns, Cramps, Swellings, Aches, Toothache, Headache, and all external and internal pain.

EVERY Workshop and Factory should keep constantly supplied with Dyer's Healing Embrocation.

FRESTED feet, bites of insects, &c., immediately by Dyer's Healing Embrocation.

GEO. McBRIDE, of New York, troubled with a lame back, Dyer's Healing Embrocation cured it.

HEADACHE and Sea Sickness cured by Dyer's Healing Embrocation.

INTERNALLY use Dyer's Healing Embrocation in cases of the greatest value, particularly in cases of stone, cholera morbus, dysentery, &c.

JOSEPH W. CARLL of the Providence Tribune, was severely attacked with cramp in his stomach, yet found immediate relief in a single dose of Dyer's Healing Embrocation.

KNOW, be it, that Dyer's Healing Embrocation is the best external and internal remedy ever discovered.

LEAVES no stain upon the dress or skin, cannot injure its effects, but clean in its application. Dyer's Healing Embrocation is the administration of all who have used it.

MOTHERS and Nurses should read carefully the testimony of Mrs. R. Wilmarth, which may be obtained in the pamphlet which accompanies Dyer's Healing Embrocation.

NO family should be without Dyer's Healing Embrocation.

ONE bottle of Dyer's Healing Embrocation will relove an immense amount of suffering.

PILES relieved by two applications of Dyer's Healing Embrocation.

QUESTION.—What is the most effectual remedy for rheumatism, cuts, wounds, sprains, burns, &c., &c., external and internal diseases? Answer, Dyer's Healing Embrocation.

RHEUMATISM, one and all, use Dyer's Healing Embrocation and be cured.

SASPADILLA affections, pain or soreness in the side, back, throat, chest, or stomach, cured by Dyer's Healing Embrocation.

THE inestimable value of Dyer's Healing Embrocation has been conclusively proved, and no person or family should suffer themselves to be without it.

USE Dyer's Healing Embrocation. Many of the most eminent physicians recommend this wonderful preparation with the most perfect confidence, and freely prescribe it to their patients.

VERY IMPORTANT.—That every person who did keep a constant supply of Dyer's Healing Embrocation by them. A single dose often prevents the most fearful consequences.

WARRANT entire satisfaction to all who use Dyer's Healing Embrocation.

XPERIENCE has taught thousands the great value of this article attached to Dyer's Healing Embrocation.

YOU never need suffer pain if precaution be taken to keep Dyer's Healing Embrocation on hand.

ZEALOUS in good work is how is constant in his efforts to relieve the sufferings of his fellow men. Such a one is sure to recommend Dyer's Healing Embrocation to all suffering from internal or external pains.

FAR WEST
OPENING
....OF THE....
Great Eastern and Western Route.

1856. 1856.

NEW and Direct Route.

64 MILES SAVED

—VIA THE—

Grand Trunk Railway!

....FROM.....

Bangor, Waterville, Augusta, Portland, Calais, St. Johns, and all points East,

....TO....

Montreal, Hamilton, Toronto, Buffalo, Detroit, Cincinnati, Chicago, St. Louis, Milwaukie, St. Paul, and all parts of the Western and Southern States, and the Canadas.

Baggage checked through, and no charge for handling.

Through rates of Fare and Freight the same from Bangor and Portland as by other routes from Boston.

Travelers generally, and families in particular, moving out West, will find this, which is the only Rail Road route to the West, by far the most comfortable and economical.

Passengers holding Through Tickets have no expense or trouble in transferring their baggage from the line they leave the Station, or points of embarkation.

☞ The Grand Trunk Railroad is completed throughout, our Portland to Toronto, where regular connection are made with the Great Western and Erie and Ontario Rail Roads for all points in the West and Southern States and Upper Canada.

It is a Broad Gauge Track, and unsurpassed by any Road in America for speed, safety, and comfort, and is proverbial for liberality of its equipment and arrangement generally.

Through Tickets good until used, and allow for stopping over at any point along the line.

For rates of Fare and Freight, and general information, see Handbills, or apply at the R. R. or Steamboat Offices in the State of Maine, or to

TREMONT MILLS.

Teas, Coffees, Chocolates, Cocoans, Spices, &c.

WHOLESALE AND ALSO IN SMALL PACKAGES.

E. E. DYER & CO.,

(Sign of the Chinaman grinding Coffee,)

111 WASHINGTON STREET BOSTON,

Supply the best, finest and purest articles, at the *lowest Cash prices.* Their Stock consists of

Teas, Spices, Chocolates, All spice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Tapioca, Sago, Farina, Cocoa, Chocolate, Cocoa Nuts, Cocoa Shells, Chocolate Nuts, &c.

Having every facility for manufacturing and preparing the several articles named, they publicly rely on their being put up carefully, and bear our name and label, "TREMONT MILLS, E. E. DYER & CO." To give consumers a clear idea of our sales, we annex the following bills of prices, viz:

5 lb. Superior Tea,	1,50	5 lb. Mocha Coffee, 1,00
5 lb. Oolong Tea,	1,50	5 lb. Java Coffee, 1,00
5 lb. Young Hyson Tea,	1,50	5 lb. Rio Coffee, 1,00

☞ Tea Spices are put up in 1 and 4 lb. tin cans, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee,* as an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care, and by a peculiar process in roasting one pound of this coffee, it is believed, is equal to 14 lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared of the roots, and put up in packages having our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root.* This article is prepared and roasted at our Mills, is retailed by family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee,*" may be relied upon as the genuine article. The proportion used is about one half the quantity of coffee. The price is 25 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. Still being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which is nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

☞ Be careful to observe that all our *Coffees* have our trade mark, "Chinaman grinding coffee."

☞ *To Grocers and Dealers* a liberal discount is made enabling them to supply their customers at the same low rates.

NO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer the accounts which cannot be afforded by those who do business on the credit system; and we confidently invite an examination of the quality of our stock, and our prices as compared with those of any other house.

WARREN L. ALDEN.

AYER'S Cathartic Pills
(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues,

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER, Sir: I have been repeatedly cured of the worst headache to any body can have by a dose or two of your Pills. It seems to cleanse the stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect, EDW. FRENLY,

Clerk of Schooner Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., Feb. 6, 1855.

SIR: I have used your Pills in my general and hospital practice ever since they were made them, and cannot hesitate to say they are the best cathartic we employ, their regular falling action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease to obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1854.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and suffering severely for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctor's bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and benevolent, should be prized here.

GEO. J. GRIFFIN, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in Boston. For regulating the organs of digestion and purifying the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WALPOLE, Wyoming Co., N. Y., Oct. 24, 1854.

DEAR SIR: I am so far your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. BRACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Prominent Merchant of St. Louis, Feb. 4, 1855.

DR. AYER: Your Pills are the cause of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long and painfully afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

AEGROTOMIDIUS.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hopkins, of the Methodist Episc. Church.

PULASKI HOUSE, SAVANNAH, Ga., Jan. 6, 1855.

HONORED SIR: I feel it to be a sacred duty to bear testimony to the relief your skill has brought me. I did not report my case to you. A cold settled in my hips, and I brought on excruciating neuralgic pains, which ended in chronic rheumatism. Nothing relieving, I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Stockmole, I tried your Pills. The effects were slow but sure. My persevering in the use of them has now entirely cured me.

STEPHEN CHAPIN, Buffalo, N. Y., Dec. 1, 1853.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease. Let all afflicted use for relief.

VINCENT SIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and efficacious.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in private hands. Mercury *lingers* in the system, and frequently follows fashionable cures. These pills are free from mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need but refer to the public of its virtues. Throughout every town and almost every hamlet of the American States there is some well-known case of pulmonary consumption made to yield to its healing influence. Nay, there are also multitudes who can testify to its curative power in the most dangerous ailments incident to our climate, and who, in the gratitude of their hearts, are ever willing to impart the knowledge of such blessings as they have received to their fellow-sufferers. Such a medicine has long been needed by the public, and now that we can offer them one which we can conscientiously claim to be the best of its class, we do so with the confidence that it will meet the demand. Its reputation and its sale are now extensive, and we have every reason to believe that it will prove, in the future, as it has in the past, the most efficacious remedy that can be bestowed upon the afflicted and young. Parents should keep it in store against the fatal hour when croup or some other dangerous disease attacks their children. We believe it to be the most perfect medicine for the complaints it represents that modern chemistry has given to the world. Many of our friends have tried it in their families, and have found it to be all we claim for it. Many testimonials of its cures might be published, but we prefer to let its virtues become known by its own effects. Wherever it has been used, it has proved a most efficacious remedy for Coughs, Colds, Incipient Consumption, and Pulmonary Complaints
